不撞先, 清大府理主王数据“言”

A black Hcra air quality monitor is shown at an angle, resting on a blue surface with water droplets. The screen displays a dark blue interface with white and yellow text and icons. Key data points include: PM2.5 at 39.0 ug/m³, PM10 at 75, and a temperature of 25.3. Other indicators include a power button icon, a fan icon, and a battery level of 100%. The Hcra logo is visible at the bottom of the screen. The device is surrounded by a black border, and the background is a light blue surface with scattered water droplets.
